

Take your seat

To celebrate the new, state-of-the-art Medical and Biological Sciences Building, we are offering the chance to 'sponsor a seat' in the 300-seat capacity lecture theatre. By sponsoring a seat, to mark your education at St Andrews or in honour of someone else, you will be leaving a permanent legacy for the future of medical teaching at the University. In addition, you will have the opportunity to inscribe a name or phrase of your choice on a plaque affixed to your seat. To take part in this project, you can either make a one-off donation of £500 (\$750), or you can spread your gift out by making regular donations totalling £500 (\$750) over a period of four years. For more information or to sponsor a seat, please contact Kurstin Finch Gnehm, Development Officer, on klfg@st-andrews.ac.uk or +44 (0)1334 461914.

University of St Andrews
Scotland's first university
